**28<sup>th</sup> TELECOMMUNICATIONS FORUM TELFOR 2020**

Telecommunications Forum TELFOR is organized for the 28th time as the IEEE co-organized and co-supported international event, traditionally with quite a number of high quality papers, with numerous other activities and with over 1200 participants. As an international and regional IEEE meeting, TELFOR has the purpose to consider the important scientific, technical, professional, social, economical and legal aspects of Telecommunications and IT.

**MAIN TOPICS**

**POLICY, REGULATORY ASPECTS AND SERVICES OF TELECOMMUNICATIONS AND IT**

- Importance of telecommunications in economy and society
- Trends of future telecommunications development,
- Models of telecommunications reforms
- Services, marketing and management,
- Status of domestic and international telecommunications,
- Deregulation, liberalization and reorganization,
- Privatization within telecommunications sector,
- Development policy and financing possibilities.

**TECHNIQUES IN TELECOMMUNICATIONS AND IT**

- Telecommunications Networks,
- Protocols and Signalization,
- Mobile Communications,
- Picture and Tone Broadcasting,
- Internet & Global Networks,
- Telecommunications Equipment,
- Antennas & Propagation,
- Video and Audio Engineering,
- Teleinformatics,
- Switching,
- Computer Communications,
- Satellite Communications,
- Cable and Satellite Television,
- Information Technology,
- Radio & Microwave Engineering,
- Signal Processing;
- Communications Software,
- Power Supply in Communications,
- Transmission Systems,
- Radio Communications,
- Optical Communications,
- Data Transmission,
- Multimedia Technology,
- Applied Electromagnetics & Electronics,
- Circuits and Systems,
- Telecommunications services,
- Measurements in Communications.

The above listed topics do not exclude a submission and presentation of papers from other specific fields of telecommunications and IT, i.e. fields close to or related to telecommunications and IT.

**FORUM ORGANIZATION**

The activities of TELFOR will be organized within plenary sessions with invited papers or lectures, thematic debates, through the authors regular and students sections, through panel discussions, round tables and seminars on current issues, tutorials, exhibitions, technical and commercial presentations, professional meetings, etc. The program schedule is determined by the Technical Program Committee (TPC).

**PARTICIPATION**

All companies, institutions, individual authors and visitors from broad ICT fields are invited and welcome to participate in all TELFOR activities, under conditions posted at [telfor.rs](http://telfor.rs)

**SUBMISSION OF PAPERS**

Papers to be submitted for TELFOR could include both expert and scientific articles containing original applicable or theoretical results of research, of interest for a broad group of experts engaged in the field the article deals with. The authors are welcome to submit the articles comprising the applications of theoretical methods in solving specific engineering problems, presentations of new equipment and systems, results of experimental research, new realizations of familiar solutions, etc.

The authors are requested to submit only those papers whose contents have not been notified, published or in any other way presented at any time prior to the Forum. **The papers should contain original scientific, expert or applied results of the authors themselves.** The results included should in no way violate the rights of other authors or organizations. Although all papers will be reviewed, the authors themselves are responsible for the publishing rights, originality and quality of their papers.

The presentation of results of other authors or institutions, without a personal contribution or participation, as well as survey papers or tutorials, may be offered by participants for acceptance or can be invited by the Program Committee. In such a case it is obligatory for the authors to obtain all the necessary permissions and to clearly state all the sources used.

**There is a special Student session. Only the students-authors at bachelor and master studies could register and present their papers in this section, with arbitrary notification of a teacher/mentor within the note at the bottom of the paper first page. Papers accepted within the Student section are published only in TELFOR CD Proceedings.**

Papers should be written and presented in English or Serbian languages. As the author/co-author of an original paper, either as author or as co-author, each participant can be represented **THREE TIMES AT MOST**. The papers will be exclusively accepted for reviewing (a) those received on time, (b) those that are strictly prepared in accordance with the instructions for authors posted at [telfor.rs](http://telfor.rs). **The registration and "on line" Internet uploading of the FINAL ELECTRONIC VERSION of the paper should be realized in accordance with instructions posted at [telfor.rs](http://telfor.rs). Email sending of the paper will not be accepted.** By submitting the paper, the authors are accepting all the rules listed in this invitation.

### **FORUM REGISTRATION FEES, REVIEWS, PROCEEDINGS**

Authors / co-authors of the accepted regular papers should pay registration fees. **AT LEAST ONE NET AMOUNT OF THE REGISTRATION FEE PER EACH ACCEPTED REGULAR PAPER IS REQUIRED.**

Please see the registration fees, rules and bank instructions at [telfor.rs](http://telfor.rs). Visitors admittance and their participation in either the authors' sections or in special presentations are free of charge.

The activities of the companies, special tutorials and seminars could be paid separately.

The authors' papers sent for TELFOR will be subject to review. The anonymous reviewers are appointed by the Technical Program Committee. After reviewing the authors will be informed whether their papers are accepted or rejected. **The reviewers' decision is final.**

Papers with favorable reviews will be accepted and published in the CD Proceedings of accepted papers. **An accepted paper should be presented at conference by author/coauthor. Paper could be alternatively distance presented (by Internet, without personal presence of the presenter at the conference). Such a case should be notified before November 5 ([office@telfor.rs](mailto:office@telfor.rs)).** Additionally to the regular registration fee, a special tax for distance presented paper should be paid before November 10. (Please see the registration fees at [telfor.rs](http://telfor.rs).)

Upon closing of the Forum accepted and presented regular papers, if at least one registration fee is paid per paper, will be submitted for possible publication in the IEEE XPLORE database (<http://ieeexplore.ieee.org>).

Accepted paper that was not presented in the relevant TELFOR Session cannot be referenced as the paper published at the TELFOR. Technical Program Committee may select and recommend some papers for improvements, extensions and additional publications in TELFOR Journal (<http://journal.telfor.rs>) or other scientific or expert national and international journals.

### **AWARDS**

In memory and to pay the respect to Prof. Dr Ilija Stojanović, the first and long-standing Chairman of the TELFOR Program Committee, TELFOR Steering and Program Committees established the "ILIJA STOJANOVIĆ" ANNUAL AWARD FOR THE BEST TELFOR SCIENTIFIC PAPER.

Family Mirčevski proposed and TELFOR Steering and Program Committees accepted and established the "Blažo Mirčevski" annual award for the best paper of a TELFOR young first author, in memory and respect for technical and scientific work of Blažo Mirčevski, dipl. eng. EE.

Awards propositions and results are announced at [telfor.rs](http://telfor.rs).
